

Analysis of Algorithms (BDSF25M/A)

Date: 27-Apr-2026

Quiz 04

Time: 50 min

Roll No: _____ **Name:** _____

Grading	CLO-1	CLO-2	CLO-3	CLO-4
	/	/	/	/

Write brute-force, memorized and DP based algorithms for maximum sub-array sum problem, with there time and space complexities. Also, just mention, the running time for divide and conquer algorithm for the same problem. Think of its both 1D DP and 2D DP, plus greedy solution, and in case possible, comment about them.
